## WHY I LOVE TO GO TO WORK!

Everyday I get up in the morning excited about what the new day will bring. Helping people who have been seriously injured in accidents through no fault of their own can be very stressful because their lives have been turned upside down, and the solutions to their problems are usually not easy or quick. We have to give our clients hope that they and their families will survive sometimes desperate circumstances and immediately start doing what we can to get them some relief. That may be something as simple as getting their car repaired so they can have transportation to their doctors and to work (if they are able to work).

Our clients often need help getting their medical bills paid and help finding a doctor who will treat them based on their limited financial resources. Sometimes they are in the hospital, out of work, or another family member has also been seriously injured, and they were living paycheck to paycheck before the crash. Now the family is truly frantic about their day to day survival. After 40 years of practice, I have been blessed to have found solutions to many of these problems for our clients that help them get on the road to recovery. We frequently get letters from grateful clients who thank us for what our law firm did to help them survive their crisis. I am always moved by what they have to say. Here is one example of excerpts from a letter I recently received:

Dear Jeffrey and Staff,

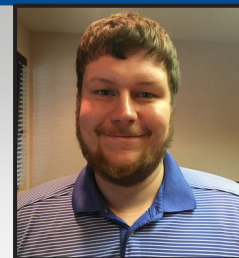

*Roy and I wanted to let you know how much we appreciated all you did for us. You helped to make us feel confident that we would be taken care of, not only in the present, but also in the future should we need further care. You were encouraging, easy to understand, and we were never made to feel as though we were a bother to you. We believed from the start that the Lord directed our path to you, and we certainly were not disappointed with the outcome. May you truly be blessed as you continue to help others make it through situations that seem almost unbearable and help them to see the light at the end of the tunnel.*

With Grateful Hearts,  
Sandy and Roy

Jeffrey Meldon

**And that is why I love to go to work!**

Alachua County Humane Society is a non-profit 501(c)(3) organization dedicated to helping pets in Alachua County for more than 40 years. Partnered with Maddie's Fund Community Partners, they work closely with Alachua County's municipal public intake shelter, Alachua County Animal Services to reduce the euthanasia rate from over 7,000 per year to under 1,000. Their goal is to become a community where no healthy or treatable animal is euthanized due to lack of space. Alachua County Humane Society is a limited intake, no-kill animal rescue shelter. Most of the animals in their facility are transferred from Alachua County Animal Services. They also care for numerous underage litters of puppies and kittens during the overwhelming spring seasons. From the moment

animals arrive at ACHS, their number one priority is to facilitate comfort and care and find them a loving home as quickly as possible. Their mission is always evolving as their services continue to grow. They strive to act as advocates for pets and pet owners through the rehabilitation and adoption of pets, humane education and outreach and by promoting the spaying or neutering of the community's companion animals. ## This month's topic of interest: May 2017

Each month our staff takes a number of calls from people within the North Central Florida Community. We use our clients' comments to come up with ideas for the topics of interest. Here's a topic worth discussing.

### Former Meldon Law/TV20 Scholar Athlete of the Year (2013-14), Kayli Kvistad, Making Big Plays at the University of Florida

The University of Florida Softball Team is currently ranked No. 1 in the nation. One player in particular, Kayli Kvistad, graduate of Columbia High School, has continued to outshine her opponents throughout her junior year, making huge plays when the Gators needed it most. One notable play was during UF's series opener at No. 3 Auburn in the 2016 season. With two outs in the 7th inning and the score tied, Kayli hit a go-ahead three-run homerun to send the Gators to victory. Some of her honors that she accumulated so far as a Florida Gator include: 2016 First Team Academic All-American, 2016 First Team All-

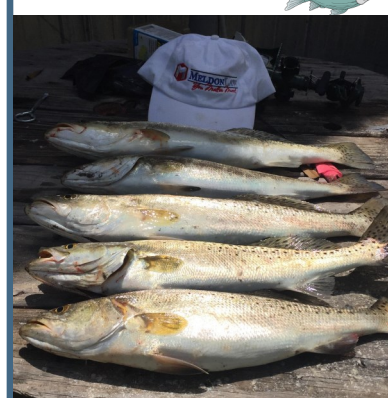

American, 2016 First Team All-SEC, and 2016 SEC Academic Honor Roll. She is also one of nine Gators to record a perfect fielding percentage in a season. She continues to work hard, not only on the field, but also in the classroom. Kayli is working towards a degree, majoring in Communication Sciences & Disorders. Recently Kayli was awarded the honor of SEC Player of the Week because of her dominance at the plate and ability to get on base, leading the SEC with 51 walks this season. With the annual Meldon Law/ TV20 Scholar Athlete Banquet coming up on May 17th, we are excited to see what the future holds for the next class of Scholar Athletes, and we continue to enjoy watching and rooting for the previous classes on the field and in the classroom.

Welcoming Back our Meldon Law / WCJB TV20 Scholar Athletes of the Week!

Meldon Law has sponsored the Scholar Athlete Program since 1997. Every week of the school year a high school senior in the North Central Florida area is chosen as the Scholar-Athlete of the Week and given a \$100 scholarship and a plaque.

At the end of the school year we hold a banquet for all the winners and their families. Last year nearly 200 people attended the Scholar Athlete Banquet where one male and one female are chosen as The Scholar Athletes of the Year.

The winners receive a \$1,000 scholarship plus a beautiful glass trophy commemorating their achievement. Starting in 2003 the Meldon Law Firm teamed up with WCJB TV20 to promote the event widely on TV 20.
